Dear CLS,

Just a quick note to thank you for the **FABULOUS** renovation and reupholstering work that you did for us last month. It was impossible to picture that the two antique chairs we dropped off with you could ever emerge as beautiful as they did when they were returned to us. All I can say is "WOW!"

My husband and I thank you both for your expertise and your very knowledgeable fabric and renovation suggestions; they were perfect as were both chairs upon their return!

We are both so happy that we decided to go with the **BEST!**
Once again, I thank you all so very much.

With best wishes to all of you,

Betty Tiska
