Dear Ray:

Dom and I wanted to thank you for the BEAUTIFUL job that was done on our sofa. It was delivered on Saturday and we both could not believe how absolutely gorgeous it looks. The workmanship is impeccable and we honestly could not have never imagined it looking so beautiful. Your eye for the right fabric was right on.

We would also like to apologize for having to change our mind regarding the sectional. Perhaps at a later date we can reconsider that expense, but at this time it is just not feasible.

It is a rare pleasure to deal with such an honorable businessman. Thank you again.
